Office Action Summary

1. The text of those sections of Title 35, U.S. Code not included in this action can be found in a prior Office action.

2. Claims 1, 14 and 16-28 are rejected under 35 U.S.C. § 103(a) as being unpatentable over either Hendricks or Tamburro, substantially for the reasons set forth in paragraph No. 4 of Paper No. 5, together with the following additional observations. The Examiner has little to add to his prior rejection except to note that applicants claim an adhesive tape which is coated with a blend including a water based natural rubber latex which is dried, whereas the references each teach the presence of a solvent based natural rubber latex. However, particularly in these environmentally conscious times the utilization of water based natural rubber latexes are well known and additionally it is further noted that applicants claim a product-by-process which has not been proven on the record to produce a patentably distinct article. Notice also that the resulting adhesive tape has been dried as the water based solvent evaporates. With respect to newly presented claim 28 the only apparent difference is that the butadiene content is at least about 60% which is believed both shown by the references and is also an obvious modification to one of ordinary skill, in the absence of unexpected results.

3. Claims 1, 14 and 16-²~~18~~ are rejected under 35 U.S.C. § 103(a) as being unpatentable over applicants' admissions in the

specification, particularly on pages 1 and 2 taken in view of Korpman, substantially for the reasons set forth in paragraph No. 5 of Paper No. 5, together with the following additional observations. Applicants argue only (Response, page 6, paragraphs 3 and 4) that Korpman discloses the presence of a toluene solvent. However, the product-by-process argument set forth by the Examiner in the preceding paragraph is believed again equally applicable, in the absence of unexpected results which have not heretofore been set forth on the record.

4. **THIS ACTION IS MADE FINAL.** Applicants are reminded of the extension of time policy as set forth in 37 C.F.R. § 1.136(a). The practice of automatically extending the shortened statutory period an additional month upon the filing of a timely first response to a final rejection has been discontinued by the Office. See 1021 TMOG 35.

A SHORTENED STATUTORY PERIOD FOR RESPONSE TO THIS FINAL ACTION IS SET TO EXPIRE THREE MONTHS FROM THE DATE OF THIS ACTION. IN THE EVENT A FIRST RESPONSE IS FILED WITHIN TWO MONTHS OF THE MAILING DATE OF THIS FINAL ACTION AND THE ADVISORY ACTION IS NOT MAILED UNTIL AFTER THE END OF THE THREE-MONTH SHORTENED STATUTORY PERIOD, THEN THE SHORTENED STATUTORY PERIOD WILL EXPIRE ON THE DATE THE ADVISORY ACTION IS MAILED, AND ANY EXTENSION FEE PURSUANT TO 37 C.F.R. § 1.136(a) WILL BE CALCULATED FROM THE MAILING DATE OF THE ADVISORY ACTION. IN NO EVENT WILL THE
